- [What is CTFL®?](#)

- Certified Tester foundation Level (CTFL®) is the most widely accepted approach for Software Development/Software Testing. CTFL® Certification is offered by the ISTQB (International Software Testing Qualifications Board).

- [What is ISTQB certification?](#)

- ISTQB® Certified Tester is a standardized qualification for software testers. In India, the member board is Indian Testing Board. ISTQB was founded in Edinburgh in November 2002; ISTQB® is legally registered in Belgium.

- [What is the Indian Testing Board \(ITB\)?](#)

- Indian Testing Board is the Indian National Board approved by ISTQB®. ITB is responsible for conducting ISTQB Certified Tester examination in India.

- **What is the exam format?**

- The Foundation Level exam consists of approximately 40 multiple choice questions of 1 point each. An exam amounts to 40 points total, of which 65% (26 points) must be attained in order to pass. The exam is a closed book exam. You have 75 minutes to finish.

- **Is there any negative marking?**

- There is no negative marking for wrong answers.

- **Can I use the ISTQB's Certified Tester logo on my resume?**

- If you have passed the foundation level exam you can use the ISTQB certified tester-foundation level logo on your resume.

- **What tools do I need to attend the training sessions?**

- The tools you'll need to attend six sigma green belt training are:

- *Windows: Windows XP SP3 or higher.*
- *Mac: OSX 10.6 or higher.*
- *Internet speed: Preferably 512 Kbps or higher.*
- *Headset, speakers and microphone: You'll need headphones or speakers to hear instruction clearly, as well as a microphone to talk to others. You can use a headset with a built-in microphone, or separate speakers and microphone.*

- **What are the career benefits of this course?**

- CTFL® professionals can expect job roles such as project managers, software development managers, quality managers, business analysts, and management consultants. According to recent surveys by payscale.com, the median salary of a CTFL® professional can range approximately from \$34,713 - \$87,262.

- Some other career benefits that this course offers are as follows:

- *CTFL® certification will help advance your software testing career.*
- *It will help placing you in the best possible position to capitalize on career opportunities as they arise.*
- *Your software testing skills will be improved, which in turn will facilitate greater efficiency and accuracy.*
- *By following the software testing best practices, you will learn as you prepare for your certification exam.*
- *You will be able to accomplish related tasks with greater speed and precision.*
